

SPENCER INSURANCE AGENCY'S

News and Tips to Make Your Life Easier, Safer, and Happier

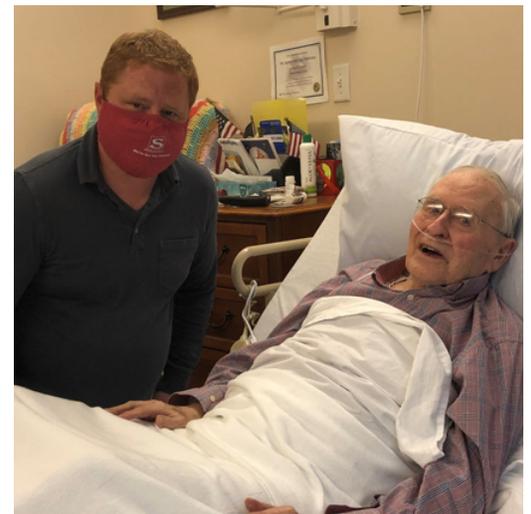

11/23/27 -6/17/2021

We have some sad news.

In 1963 Spencer Insurance Agency was started by my father Ed Spencer. I am sad to tell you that my father passed away Thursday June 17th peacefully in his sleep. He was 93. He was a wonderful role model of a father and husband. He was also a great mentor to me in the business. He always treated clients as family and family was most important to him. He was well respected in the insurance community by his peers and the companies he represented. He was a man of great faith when in 1963 he told my mom he was going into business for himself when they had 6 children. He always had confidence in his abilities. I know many of you have fond memories of my father. I feel blessed to be able to share all these years with him.

He is fondly remembered by his 7 children, 17 grandchildren and 14 great grandchildren. He was genuinely loved by all. Please keep him in your prayers as we celebrate his life.

I hope you are enjoying the summer and have an opportunity to get away or just relax. Our family is looking forward to our trip to Maine this summer with a stop at Acadia National Park and a stay at Long Lake in Naples Maine.

Have a great summer and let us know if we can be of any service to you. . *Cherie*

Spencer Trivia

This quarter's question: The eruption of which volcano, in 79 AD, destroyed the cities of Stabiae and Herculaneum?

Send your Answer to spencer@spencerinsurance.com If you email the correct answer by **September 1st**, your name will be entered into a drawing for a \$25 Gift Card. Good Luck!

Last Month's Question was: Name the year founded and the current name of the first medical school in the United States.

Answer: The University of Pennsylvania School of Medicine was the first and only medical school in the thirteen American colonies when, in the fall of 1765, students enrolled for "anatomical lectures" and a course on "the theory and practice of physik."

Several people emailed the correct answer and **Stephanie Zucker's** name was picked as the winner.

Congratulations, **Stephanie!**

Tip of the month:

Are your summer toys properly insured?

I have spoken about this topic in the past but wanted to remind our clients to contact us before you have a claim and find out you were not properly insured. Are you renting or using a boat or Jet Ski this summer? Do you own a golf cart and use it in your community? Are you bringing out the motorcycle for some summer trips?

Many people had pools installed in the last couple years. Did you tell your agent you got a pool? Do not take a swim until you contact your agent.

Make sure you contact us to make sure you have insurance. You can also check out this article on [our website](#).

At **Spencer Insurance Agency** we want you to have fun this summer. We also want to make sure you are properly insured in case an accident occurs while you are having fun. Make sure you have the right coverage. Have a great summer!

According to **Potential's** webpage, *“At the core of all we do is the deep belief that every individual with autism has the potential to live a fulfilling life. Achieving that goal doesn't happen easily or overnight. Helping adults and children with autism gain the skills they need to learn and succeed requires hard work, evidence-based treatments, and a committed support network. Since our founding in 2006, Potential has set itself apart by providing all these things and more.”*

FAQ: Should I report this claim?

Spencer Insurance Agency wants you to report claims directly to the company for many reasons. We want to make sure the company has all the information they need to promptly process your claim. We are always available to help along the way. There are reasons why it does not make sense to file a claim:

- The amount of the loss is under your deductible.
- The amount you will receive over your deductible is small.

Most companies will take away your loss free credit on your homeowner's policy if you make a claim and receive a payment no matter how small. They may also surcharge your policy. The increased premium could last until you are claim free for 3 years and the amount of extra premium is more than the money you received.

Many times, we will advise you to report the claim then consult with us after you find out more information about the claim damage. That way we can present the options to you. Do not assume you do not have coverage, call us and be sure. Contact us at **215-885-2200** to discuss a possible claim.
