I hope everyone is out enjoying the warmth and extra hours of daylight that summer provides. Our family plans to enjoy the lakes of Maine again this summer. Time for some swimming, fishing, and water skiing. Well, water skiing for the kids and grandkids. I'll drive the boat.

Spencer Insurance Agency has rolled out our new app powered by **GLOVEBOX. Make sure you **download it** and **activate your carriers**!** Ever wish you had your auto ID card on your phone? Now with this app you will always have your latest auto ID card on your phone. See our "**Tip of the Month**" article for more details on how to set it up. Call our office if you need help setting it up.

Congratulations to Denise Fields. Denise celebrated 25 years with Spencer Insurance Agency in June. Rely on her 25 years of experience. Thank you, Denise, for all you have done to make our agency a success.

Check out our Charity Spotlight this month. **Cathy's Kids Foundation** sends a family to Disney World each year that has a family member suffering from cancer. What a wonderful tribute to their mom, Cathy Garry who passed away from cancer. **Consider donating to this wonderful charity.**

Remember to play our trivia game. You could win a \$25 gift card!

Take care and stay safe this summer. Make sure to prepare your yard when storm warnings are issued so you don't have things flying into your house. Remember water is deceiving and flooded highways could be hidden to your view. Don't forget that everyone is eligible for flood insurance. The less the risk of flooding at your location the less you pay. Don't wait until it is too late.

Did You Know?

It is more important than ever to increase your rental car coverage on your car insurance policy.

A few years back \$30 a day would be plenty to pay for a rental car. Not today! Due to the increased cost of new vehicles, the daily price rental companies are charging has also increased. If you typically drive a large SUV and would need to rent a similar vehicle if yours is in the shop for a collision or comprehensive repair, a higher rental limit would allow you to do that. That large SUV costs more to rent than a sedan. Similarly, if you typically drive a luxury vehicle and want to rent a comparable model, you would need a higher rental limit because it costs more to rent a luxury vehicle than it does an economy car.

Another reason to consider a higher rental limit is that car repairs are taking longer and longer due to parts shortages. If you choose rental coverage with a limit of \$100/day, that comes with a total limit of \$3000. If the car you end up renting only costs you \$60/day, you would have rental coverage for up to 50 days because the payout would be within the total rental limit available.

Contact us today if you have any questions on this or any other cover-age on your car insurance policy.
